

Daymap Companion Parent Quick Guide

oakbank.daymap.net/portal

Daymap Companion app

*Please note
new address*

Daymap Companion is our **Parent Portal** and provides parents with secure messaging, the ability to see student assignments and attendance, school newsletters and information. Please note that the student Daymap address is different - if you see an EdPass logon page, you are on the student Daymap page.

Signing in

Your **email address registered with the school** is your **Daymap username**.

Each parent or caregiver has their own Daymap portal account, meaning that each person requires a unique email address (eg: two contacts cannot be linked to the same email). Please contact the school to register a unique email if you think you may only have one registered with the school.

Setting or Resetting a Daymap Connect Password

Either from the Daymap Companion app or the website, select **Forgot your password?**

Enter the **email address registered with the school** and select **Reset password**. A link to set a password will be sent to your email.

Daymap Connect – Website / Browser

Visit

oakbank.daymap.net/portal

We also have a handy link on our school website at:

oakbank.sa.edu.au

This and other **Guides** are available under the **Documents** menu.

Daymap Companion App

The Daymap Companion app enables seamless access to messaging, student information and notifications on your phone or tablet. The web version continues to give greater functionality.

Install

Search for “Daymap Companion” in your device’s store and install.

Sign in

Search for **Oakbank School** and **Sign in** with your email and password (as set in the procedure above).
